NASHVILLE Electric Water Cure. THE undersigned has taken the large House on the hill in South Nashville, at the head of Front street, known as the Butledge property, where he has established a comfortable home for invalids, and provided ample means for their restoration to health. Patients from the country and strangers taken sick in the city can find gentle nursing and appropriate medical attendance. Our treatment in Chronic Diseases consists of Water Electricity, and the most effective medicine and Homepathy in all Acute and Febrile Diseases, and in all cases our charges will be moderate and to suit the times.

ate and to suit the times.

The institution is located in a field of 17 acres, con-aining line shade trees and pleasant grounds for exer-ise for convaiescents. From the house, we have the most prespective view of the city, Cumberland river, and surrounding country, afforded in any other part of the city.

As far as regards our success in practice in the heating art, we will only say we have now been in Nashville one year, and our register will show the names of over 150 patients, treated for various diseases, most of them hopless cases of Chronic Diseases, and 31 of whom were confirmed cases of Consumption, and out of the whole number of 150 odd cases treated, only 6 have died, all of whom were given up as hopeless before I saw them, and every one of the rest have been cured, or at least greatly benefitted.

For the protection of others, we can receive into this institution no patients having contagious diseases.

as above.

Though we are opposed to publishing certificates to show that we can control diseases supposed to be incurable, we will re-publish the following letter of a well-known citizen to the editor of the Republican ner, of Dec. 30th, 1860: Ms. Eprros : Having been afflicted for some months past, as is known by my many acquaintances, with an attack of paralysis, and having received a benefit so decided from the use of electrical baths, given me by Dr. Westerveit, I have thought it due to those similarly situated with myself, to make this publication.

I was decidedly convalescent when I began to use the
baths, but the benefit derived from them has been so
positive that there could be no mistaking the cause.

W., at least with those who place confidence in my word, but to me it is a matter of much greater inportance that my friends should know where they can be relieved from the state of helplessness I was in a short time since.
